DETAILED ACTION

Reasons for Allowance

The following is an examiner's statement of reasons for allowance: the claims in the instant application have not been rejected using prior art because no references, or reasonable combination thereof, could be found which disclose, or suggest, a disc prosthesis as claimed in claims 32, 119, 134, and 136, and specifically, the direct contact between the first and second projections (claim 32), the direct contact between the projection and the first endplate (claims 119 and 134), and the distal end of the projection located within the polymeric member internal space and the first and second adhesion layers parallel to the contact surface of the projection (claim 136).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Examiner's Comments

Double Patenting

The previous double patenting rejections of claims 112, 117, 118, 133, and 135 have been withdrawn in view of Applicant's cancellation of these claims.

Claim Rejections - 35 USC § 112

The previous 35 U.S.C. 112, first paragraph rejection of claim 137 has been withdrawn in view of Applicant's cancellation of this claim.
